All of the performers had great voices and stage presence. They sang non-stop for an hour and a half. The gentleman who played the diner owner was perfect for the part. The show was well worth the cost and 2 1/2 hour drive. The three other people with me also loved the show.

Favorite moment: We loved all of it.

Setlist: All the 50's classics you love and remember.

This show was sheer entertainment from the very first moment until the last. The band was phenomenal with their renditions of the songs from the 50's and 60's. I could have listened to them all night. The singers were outstanding and their choreography was spot on. This show brought back so many wonderful memories of that time when we were much younger. I could go every month to see this show and bring my friends with me for them to enjoy such talent. Kudos to everyone involved with this show!

This show was wonderful. I felt 16 again! The talent on stage was terrific. The room itself could be set up a bit differently ~ the seats at the tables were so close to each other that it was difficult to settle in.....there are NO bad seats as far as seeing the show but the casino needs to take 2 chairs+ away from every table so people are more comfortable ~ literally could not move once in the chair.

Thank you.

Favorite moment: Hearing Roy Orbison's "Crying".....

Cruisin was HOT!! HOT!! HOT!!

I was in high school from 1954 - 1958. Every song brought back another memory! If you like "Oldies But Goodies", this show tops them all. The 6 singers were great, the background music was right on. I would have paid to see it again if I was there the next day. Thank you for making my day!
Favorite moment: The duet of Roy Orbison's "Crying".
